

DTI Academy 2010 Winter and Spring Sessions

DTI's webinar training is quick, easy and affordable! We continue to increase our variety of topics to add more knowledge and performance to your newsroom, advertising, accounting, circulation and IT departments.

You'll find topics that will provide quick reviews of familiar functionality, introductions to emerging versions, and opportunities to supplement training of new personnel or new roles in your departments.

Check the website frequently for updated information about the new training programs we're creating! We all like choices and our new training offerings will give you just that – new ways to raise your expertise while leaving a lighter footprint on your time and budget.

Take a look at the DTI Academy training scheduled below. Registration information is at the end of each application/specialty section.

Registering for webinars has never been easier! Visit our website at: <http://www.dtint.com/Services/ProfessionalServices/Webinars/>. All webinars are listed (browse) or by application groups (left hand side). Click on the webinar title and you'll see additional details about the webinar and be able to register. Some events have multiple dates to choose from.

Stay up-to-date! We are updating content to the website offerings almost daily. Be the first to know what's happening at DTI Academy!

Did you miss a session that you wish you hadn't? Are you ready to explore a feature that we highlighted in the past? Not to worry! We are now offering recordings of previous sessions. Our library is comprehensive for the "Speed" applications and is growing for Media Plus. Take a look at what we have to offer: <http://www.dtint.com/Services/ProfessionalServices/Recorded/>
